BANGLADESH FUNDRAISER TODAY BY BR. SHAMS

*Please help this
poor family in
Bangladesh*

There is a very poor family in Bangladesh who are very dear to us. The man works in a day labour job- but this doesn't even cover the basic family and household expenses, and they mostly live through charity and generosity of others-

The house is in a state of disrepair, the corrugated tin roof is rusty and badly corroded, almost crumbling away, it is leaking badly, it is uncertain if the roof will last another year, especially the monsoon season.

Alhamdulillah- with your kindness and generosity, we have managed to do some work to the house- filled & concreted floors, installed a septic tank and pipework for toilet waste, and done several other repairs, **please now help us to replace their roof.** www.justgiving.com/crowdfunding/shams-uddin100
